Loriente "Clarita" From Spain. This guitar comes to us from the Guitar Salon International.
www.guitarsalon.com

The Clarita features marbled cherry wood binding, which is reminiscent of the simpler yet charming guitars of Domingo Esteso. Although less elaborate in detailing than the other models in the line, the Clarita is a true concert guitar with great warmth, sustain and presence. Perfect for both the concert stage and recording studio. A new HumiCase hard case is included with this guitar.

Grand Tenor Spalted Mango Ukulele from Romero Creations
www.romerocreations.com

The Grand Tenor is to a tenor 'ukulele what a grand piano is to a piano. Its oversized tenor body produces a deeper, fuller sound, and its slightly wider neck and string spacing allows for cleaner fingerstyle playing. This prize includes a Romero Creations Polyfoam Case and a CD entitled "Aloha Espana" featuring Pepe Romero and Daniel Ho.
